What worked well this sprint? delegation worked well + communication.

What didn't work and what will you change as a team?

    time to test.

                                        + A lot of features
                                          implemented in this
                                                   sprint
                                        - Some features need
                                          polishing.
